Background:

This item presents the 2022/2023 Annual Report and Audited Financial Report to the Audit & Risk Committee for consideration and, if satisfactory, recommendation to Council for adoption.

The Annual Financial Statements for the year ended 30 June 2023 have been audited by Dry Kirkness, under the Office of the Auditor General (OAG).

The 2022/2023 Annual Report, audited financial report and OAG's Opinion Letter are included as attachments to this item.

Comment:

Pursuant to its Terms of Reference, it is relevant that the Audit & Risk Committee considers the 2022/2023 Annual Report and where appropriate, makes recommendation(s) in respect of the report.

In accordance with Section 7.9 of the *Local Government Act 1995*, an Auditor is required to examine the accounts and annual financial report submitted by a local government for audit. The Auditor is also required, by 31 December following the financial year to which the accounts and report relate, to prepare a report thereon and forward a copy of that report to:

1. The Mayor or President;
2. The CEO of the local government; and
3. The Minister.

The Opinion Letter included as Attachment 8.2c provides an overview of the audit process and outcomes. A separate management letter has been issued and circulated to Council and the Executive Management Team for findings identified during the audit and recommendations to rectify the findings identified. The findings have been listed under heading "Discussions with the OAG and Auditors" later in this item.

The Financial Report and Draft Audit Opinion were received on 11 December 2023, and Council Members and the Acting CEO Lana Foote met with representatives from Dry Kirkness and the OAG for the Auditors Exit Meeting.

Local governments are required to conduct an Annual Electors Meeting not more than 56 days after adopting the Annual Report. A requirement of setting the date is that 14 days Local Public Notice is required for advertising the meeting. To meet reporting requirements the Annual Electors Meeting should be held before Monday 12 February 2024.

Discussions with the OAG and Auditors:

Representatives from the OAG and Dry Kirkness conducted the Exit Interview which discussed the Opinion Letter and other relevant matters with the President Jannah Stratford, Deputy President Gary Greaves, Cr Gina Boyne, Cr Kylie Burrell and Acting CEO Lana Foote via Microsoft Teams on Monday 11 December 2023.

There were no significant findings. There were eight moderate findings with regard to Information Systems as listed below:

1. IT Governance, Policies and Procedures;
2. Disaster Recovery Plan Testing;
3. Service Level Agreement with IT Service Provider;
4. Access Management;
5. IT Risk Register;

Background:

Council is responsible for determining the strategic direction of the Shire. The Audit & Risk Committee is responsible for advising Council on matters relating to risk management.

Following the Review of Financial Management, Risk Management, Legislative Compliance and Internal Controls undertaken in May 2023 by Moore and the adoption of updated Risk Management Policy at the Ordinary Council Meeting held 28 June 2023 as per Resolution: 120623, Shire Staff met with Ben Galvin, Head of Strategic Risk at LGIS and undertook a thorough review of the Shire's risk management systems.

Following the Risk Profile workshop undertaken in October 2023, the attached Risk Management Framework is proposed for endorsement to align to the Shire of Koorda Risk Management Policy, the Audit & Risk Committee Terms of Reference, and tie together the Risk Management facets.

Page 14 of the attached Risk Management Framework outlines to process for the Risk Profiling undertaken by the Executive Management Team and Governance Officer, as per following Item 8.6 *Shire of Koorda Risk Profile*.

Comment:

The proposed risk management framework is as attached to this item.

The framework, provided by LGIS, sets out the Shire's approach to the identification, assessment, management, reporting and monitoring of risks. All components of the documents are based on AS/NZS ISO 31000:2019 Risk Management - Guidelines.

The framework aims to balance a documented, structured and systematic process with the current size and complexity of the Shire.

The Shire has adopted a "Three Lines of Defence" model for management of risk. All operational areas of the Shire are considered "1st Line," the executive team as the "2nd Line" and internal and external audit are the "3rd line" of defence.

The framework clearly defines the roles of each body within the lines of defence.

The Shire has quantified its broad risk appetite through the Shire's Risk Assessment and Acceptance Criteria. The criteria are included within the Risk Management Framework.

All organisational risks are to be assessed according to the Shire's Risk Assessment and Acceptance Criteria to allow consistency and informed decision making. These assessments will be incorporated into the December 2023 Council Agenda under the "Risk Implication" heading within each item.

Consultation:

Ben Galvin, Divisional Manager - Risk Services, LGIS
Darren West, Works Supervisor
Kristyn Harrap, Governance Officer

Upon the Committee's recommendation, the framework will be presented to Council for adoption. Once adopted the framework will be placed on the Shire's website.

Statutory Implications:

Local Government Act 1995
Local Government (Audit) Regulations 1996
AS/NZS ISO 31000:2018

Policy Implications:

Policy "G - Risk Management" states;

Risk Assessment and Acceptance Criteria

The Shire quantified its broad risk appetite through the development and endorsement of the Shire's Risk Assessment and Acceptance Criteria. The criteria are included within the Risk Management Framework and as a component of this policy.

All organisational risks are to be assessed according to the Shire's Risk Assessment and Acceptance Criteria to allow consistency and informed decision making. For operational requirements such as projects or to satisfy external stakeholder requirements, alternative risk assessment criteria may be utilised, however these cannot exceed the organisations appetite and are to be noted within the individual risk assessment.

Background:

The Review of Financial Management, Risk Management, Legislative Compliance and Internal Controls helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance.

At the May 2023 Audit Committee Meeting, the Review of Financial Management, Risk Management, Legislative Compliance and Internal Controls was presented for consideration with the below committee recommendation being resolved at the May 2023 Council Meeting.

This item is an addition to the “Risk Management” facet of the Financial Management, Risk Management, Legislative Compliance and Internal Controls Review as tabled in Item 8.4 of this agenda, and is an outcome of the Risk Management Strategy attached for endorsement in previous Item 8.5.

Comment:

This report has been presented to the Audit & Risk committee as the committee has a role in supporting Council in fulfilling its governance and oversight responsibilities and provide the audit committee with the opportunity to raise any issues that the document has identified or ask any other questions, they may have in relation to our risk management and compliance activities.

The Risk Profile workshop was facilitated by LGIS in October 2023, and Shire Staff worked through 15 risk themes to identify what is the risk of this occurring at the Shire, both with and without controls, and what controls are, or should be in place.

Under the Risk Management Framework, the Shire utilises risk profiles to capture its operational and strategic risks. The profiles assessed are:

- Asset Sustainability
- Business and Community Disruption
- Community Engagement
- Compliance Obligations
- Document Management
- Employment Practices
- Environment Management
- Errors, Omissions and Delays
- External Theft and Fraud
- IT, Communication Systems and Infrastructure
- Management of Facilities, Venues and Events
- Misconduct
- Project / Change Management
- Purchasing and Supply
- WHS

For each category, the profile contains the following:

- Objective.
- Risk Event.
- Potential Causes.
- Key Controls / Control Type.
- Control Adequacy.
- Control owner.
- Risk Rating.
- Actions and Responsibility.

The attachment includes the initial report, and the updated register to December 2023 with any changes and additional comments included. It should be noted, since the initial report was released in October, the Regional Risk Coordinator and Staff have undertaken significant works in the “WHS” risk theme to move the control effectiveness from “Inadequate” to “Adequate.”

Like the FRM Action Plan, the Risk Register report will be tabled at the quarterly Audit & Risk Committee workshops as a tracking tool to determine progress made against the key themes and improvements towards any identified areas of improvement.

Background:

A request has been received from D & S Trigg, for Council to consider their application to keep 1 x bantam rooster at their residence at 19 Best Street, Koorda.

As per the Shire of Koorda Health Local Law 2011, included in the “Statutory Implications” section below, there are limitations to the number of poultry and pigeons that can be kept, there are conditions for keeping poultry in limited numbers and specific requirements around the keeping of roosters, geese, turkeys, peafowls and gamebirds.

Under the Koorda Health Local Laws, section 5.4.4 (2) states;
The Council may upon written application, grant approval with or without conditions to the owner or occupier of premises to keep any one or more birds as specified in subsection (1).

Comment:

WA Contract Ranger Services conducted consultation with the neighbouring properties and advised them of the application that was received by the Council for the keeping of a rooster at 19 Best Street, Koorda.

Objections were received from some of the neighbours, and as per section 5.4.4 (4) of the Shire of Koorda Health Local Law;

(4) The Council may revoke an approval granted under this Section if it is of the opinion that the keeping of the birds specified in the approval is causing a nuisance or is injurious, offensive or dangerous to health.

As the consultation process has been undertaken with neighbours, and objections were received, it is recommended that the application be declined under Section 5.4.4(4) of the Shire of Koorda Health Local Law, as the likelihood of receiving noise complaints/the rooster causing nuisance is high and the Council may have to revoke any approval granted.

Due to a potential loss of a quorum resulting from the above financial interest disclosures, the Acting CEO has applied for statutory participation approval for Councillors Stratford, Greaves, Boyne, and Fuchsbichler under s5.69(3) of the Local Government Act 1995 so that item 14.1 may be addressed at this meeting.

Background:

An application (Attachment 14.1a of this item) has been received from Co-Operative Bulk Handling (CBH) to close Stockyard Road, Koorda, which runs through their Koorda Receiving Site.

A location map is included as Attachment 14.1b of this item.

Comment:

The proposal is to close the whole portion of Stockyard Road, from the Koorda-Cadoux Road, through the CBH site and to the Koorda-Dowerin Road, as shown in red on Attachment 14.1b. The estimated area of land is 3.327 hectares.

The purpose of this request is to undertake the official closure of the subject road reserve, enabling CBH to proceed with the purchase and amalgamation of the subject land into the adjoining Lot 21 on Deposited Plan 46674.

It is noted that the closure of the subject road reserve will result in two neighbouring freehold lots losing their road frontage, description below:

1. Lot 255 on Plan 180072 – Reserve with a management order from PTA, and CBH currently holds a 99-year lease.
2. Lot 50 on Deposited Plan 010617 – Owned by the State of Western Australia, and like Lot 20984, no formal legal tenure information is available.

Consultation:

Darren West, Works Supervisor.
Paul Bashall, Planwest

Statutory Implications:

Section 58 of the *Land Administration Act 1997* applies to this matter.

The process for a local government to close a road reserve is:

1. Council decides at Council meeting to consider closing a road.
2. Council advertises its intention to consider closing a road in local newspaper circulating in the district, giving a period of notice to provide submissions.
3. Council would write to advise service agencies of the road closure. This could include PTA, Landgate, WAPC, Water Corporation, Western Power, Telstra, the DMIRS and the Department of Lands. Notice would normally also be provided to adjacent or nearby local land owners.

4. Council makes a decision to close the road. This must be at least 35 days after the notice was publicised in the local newspaper. Any objections must be considered by Council.
5. Council writes to the Minister (with plans of road to be closed, copies of advice to service agencies, copy of the Council minutes, copies of any submissions, any other relevant information) requesting closure of road.

Background:

Arising from the 2023/2024 Shire of Koorda Budget's capital works program, a state-wide request for tender (RFT) was called for the design and construction of the supply and install of a 7-rink synthetic bowling green as part of the co-location project at the Koorda Recreation Centre.

Tenders closed at 2.00pm Tuesday 5th September 2023. One (1) tender submission was received from Ever Green Synthetic Grass.

Council were successful in obtaining a grant from the DLGSC for the CSRFF Program for \$130,421.

Comment:

A confidential tender evaluation report and related confidential attachments have been provided to Councillors under separate cover.

With one tenderer responding, it appears evident that the current availability of contractors within the building and construction sector remains challenging.

In addition to the request for tender for the Bowling Green, quotes were sought from external suppliers for the retaining and site preparations required for the proposed Bowling Green. Initial quotes came in over budget and were tabled at the November 2023 forum session with Council Members. Following the November 2023 forum session, the Executive Management team have been working to seek updated and accurate quotes from suppliers for the project. Pricing received is included in the confidential tender evaluation document.

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supporting information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure and investment property
- estimation uncertainties made in relation to lease accounting
- estimated useful life of intangible assets

SIGNIFICANT ACCOUNTING POLICES

Significant accounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.

SIGNIFICANT ACCOUNTING POLICIES

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Initial recognition and measurement for assets held at cost

Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are depreciated and assessed for impairment annually.

Initial recognition and measurement between mandatory revaluation dates for assets held at fair value

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

KEY INFORMATION

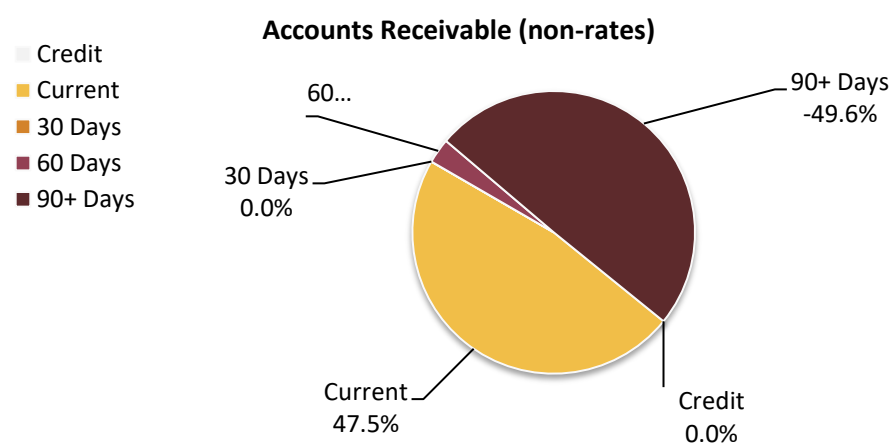

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.
