Background:

The Koorda Awards Program was introduced in 2023 to replace the Australia Day Citizenship Awards. Nominations were called for and closed at 4.00pm, 31 October 2023.

There are four award categories;

- Citizen of the Year category, be a person of any age.
- Citizen of the Year - Youth category, be a person aged between 12 to 24 years.
- Citizen of the Year - Senior category, be a person over the age of 65.
- Citizen of the Year - Group category, be a local community group or not-for-profit organisation based within the Shire of Koorda.

Self-nominations will not be accepted. Nominees must be a person who resides in the Shire of Koorda.

- Sitting members of State, Federal and Local Government are not eligible.
- Nominations must be apolitical in nature.
- A person may only be nominated for one category on a nomination form.
- A person may be nominated more than once (in different categories) on separate nomination forms.
- Late entries will not be accepted.

Comment:

The Koorda Awards Committee is to recommend to Council the Award recipients in each category based on the below selection criteria and process.

Selection Criteria:

The nomination must demonstrate that the person(s) or group(s) citizenship activities occurred within the Shire of Koorda. External activities that benefitted the Koorda community may be taken into consideration during the selection process.

Nominations will be assessed for an individual or group who has:

- made a significant voluntary contribution to the Koorda community,
- demonstrated leadership on a community issue resulting in the enhancement of community life,
- undertaken a significant initiative that has brought about positive change and added value to community life,
- invested time and effort above the standard expected of any citizen (hours of time volunteered, range of tasks undertaken, and length of service) and is a good role model for the community.

Selection Process:

- Successful nominees will be determined by Council and the results kept strictly confidential until the announcement at the award presentation.
- All nominees will be notified prior to the event to allow recipients to invite friends and family to the presentation.
- Presentation of the Citizen of the Year Awards will be held at the Community Christmas Tree on Friday 15 December 2023, at the Koorda Primary School.
- Shire of Koorda reserves the right to withdraw any awards issued to recipients who bring the awards program or Shire of Koorda into disrepute.

Background:

CLE Town Planning + Design consultants, on behalf of CBH, have lodged a proposed Scheme Amendment to allow the development of a CBH office complex on the western portion of Lot 19 Orchard Street, Koorda currently zoned Residential. **Figure 1** shows the location of the proposed amendment property.

FIGURE 1 – LOCATION PLAN

Source: Landgate, ESRI, Planwest

Comment:

The Council is keen to provide for the proposed CBH development in Koorda and has supported the Scheme Amendment to insert two new 'Additional uses' on the subject land to allow both the CBH office and the workforce accommodation. The Additional uses will make these uses permissible - notwithstanding that an office is not ordinarily permitted in a Residential zone.

A workforce accommodation complex, housing 24 workers, has already been approved under clause 4.4.2 of the Scheme (uses not listed) and development works are currently under way.

The nature, appearance and movement patterns of a typical workforce accommodation development usually involves activities and movements that often do not sit comfortably within a residential area. The proposed site is currently unused (apart from the building works of the workforce accommodation units) and has no existing sensitive uses within close proximity. The adjacent uses on Orchard Street include a drive-in cinema and drum recycling operation – both of which have been operational for decades.

The logical location for an office complex would normally be in the Town centre zone, however there are no sites available that would have the capacity for the proposed development.

The details of the siting, landscaping, bushfire measures, plans, elevations, servicing and access issues can be dealt with at the Development Approval (DA) stage.

On request, the Amendment documentation has been modified to discuss various issues that may impact this proposal. Most changes have been addressed, however there are still outstanding issues that may be of concern in the development of the project - but are not considered as 'showstoppers' for this Amendment.

These issues include;

1. The Engineering Services Report (McDowall Affleck Pty Ltd) states that the *geotechnical report also indicated possible shallow rock that their borehole auger was not able to penetrate*. This observation may have a serious impact on the capacity of the proposed drainage system to adequately deal with effluent disposal and stormwater on site in all weather events. The Report states that the office component has not been included in the wastewater or drainage calculations. Although this is reasonable (as a DA for the office component has yet to be lodged and determined), the Council may be concerned that, in the event that drainage overflows into the public road and drainage system, it would require more of the Council's resources. This issue was not addressed in the Scheme Amendment report.
2. The Engineering Services Report states that there is doubt whether the existing power infrastructure has the capacity to service the proposed development. The Report states *'The forecasted capacity is estimated to remain at this capacity until 2029 noting that there is currently no plan for increasing this capacity for the next 6 years'*, but then states that the *site can ultimately be serviced with overhead power considering possible power works to service the site*. Although this is not an issue that needs to be addressed at the Scheme Amendment stage, it is a issue that must be resolved at the development stage to ensure the extra draw on the power grid does not impact other town users, and an issue that should have been addressed in the Scheme Amendment report.
3. The Scheme Amendment report includes 2 items that will be provided as 'subsequent information'. These include Bushfire Management Plan and Plans and Elevations. It was suggested that a landscaping plan and access upgrade details also be subsequently provided.

The landscaping plan needs to address the appearance of the accommodation from the main access road into Koorda (Aitken Road). The Orchard Street access needs to ensure minimal disruption to the Council's drainage system and minimise Council's resources on road upgrades. Both of these items can be addressed as part of the development process, but could have been mentioned in the Scheme Amendment report.

Consultation:

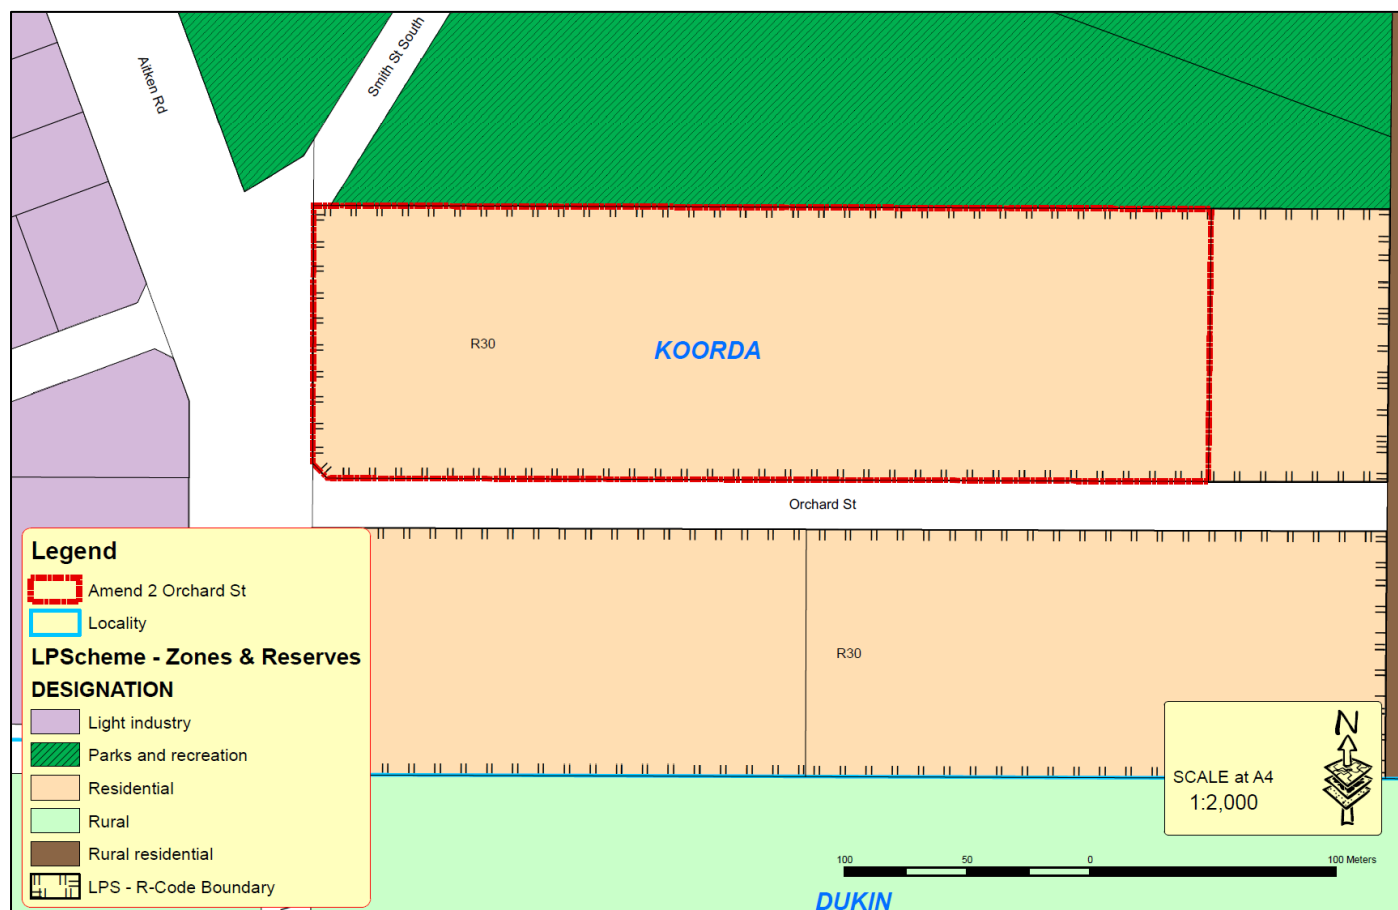

CBH

Shire of Koorda

Statutory Implications:

The subject land is zoned Residential in the Scheme. **Figure 2** provides an extract from the Scheme Map.

FIGURE 2 – EXTRACT FROM SCHEME MAP

Source: DPLH, Landgate, Planwest

The term 'Workforce accommodation' is defined in the Scheme, but is not listed in Table 1 – Zoning Table.

Clause 4.4.2 states that 'If a person proposes to carry out on land any use that is not specifically mentioned in the Zoning Table and cannot reasonably be determined as falling within the type, class or genus of activity of any other use category the local government may (inter alia) – b) determine that the use may be consistent with the objectives of the particular zone and thereafter follow the advertising procedures of clause 9.4 in considering an application for planning approval'.

In February 2023 the Council approved a DA application for the workforce accommodation under the provisions of this clause.

An 'Office' use class is an 'X' use in a Residential zone. An 'X' use means a use that is not permitted by the scheme.

It has been determined that, rather than rezoning the subject land to a zone that permits an office use, an 'Additional use' will be allowed on this particular property.

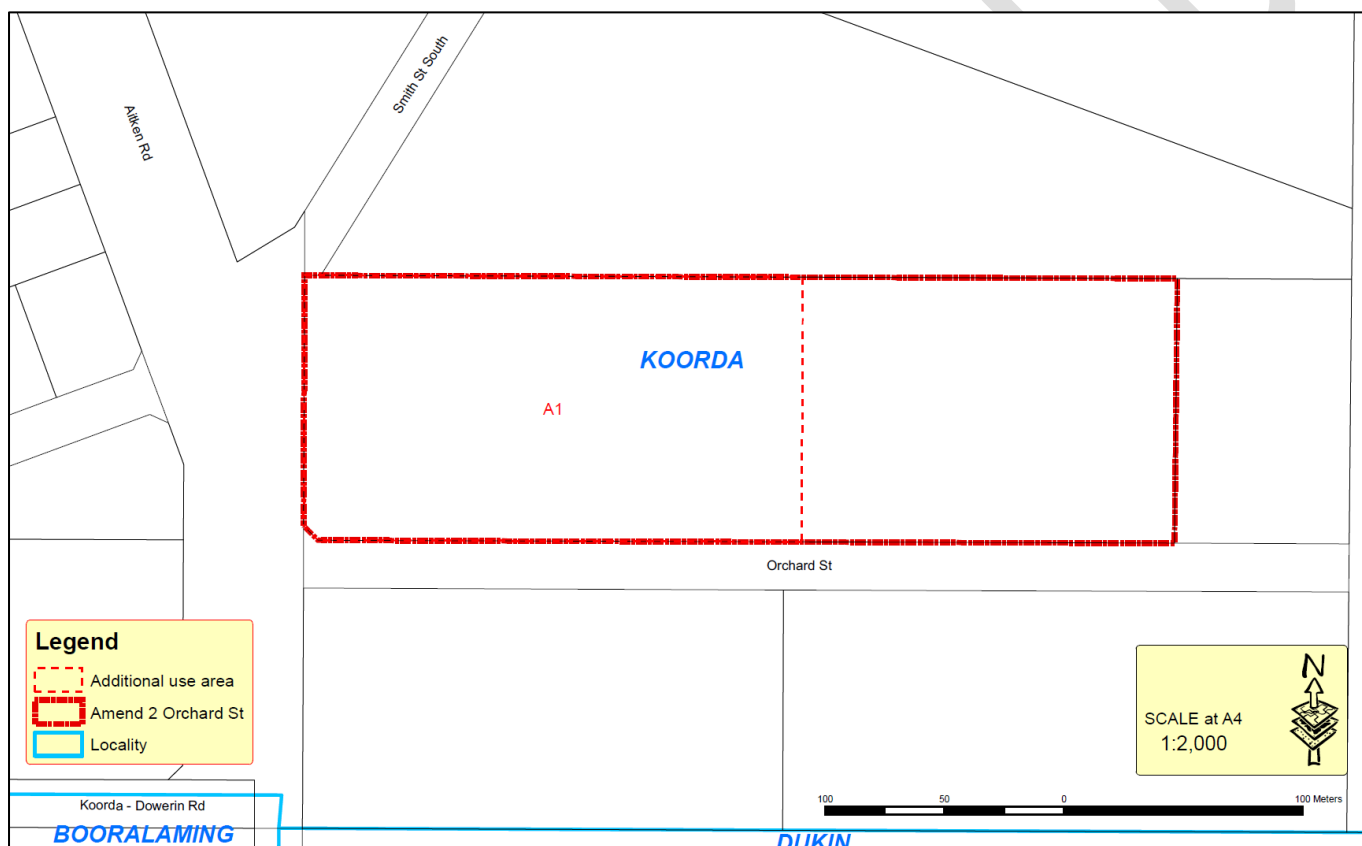

Clause 4.5 – ‘Additional uses’ of the Scheme states; ‘Despite anything contained in the Zoning Table, the land specified in Schedule 2 may be used for the specific use or uses that are listed in addition to any uses permissible in the zone in which the land is situated subject to the conditions set out in Schedule 2 with respect to that land.’

This Amendment will insert additional uses into Schedule 2 of the Scheme to allow an office and workforce accommodation (amongst other uses permitted in the Residential zone) on that portion of the subject land shown on the Scheme Amendment map.

This method of allowing the proposed uses avoids creating a precedent for other similar requests for offices in a Residential zone.

Figure 3 shows the area of the subject where the additional uses will be permitted.

Financial Implications:

Shire rates for the subject land will need to be adjusted following a revised Valuer General valuation on completion of the project. Background:

As part of the 2023/2024 Budget considerations, Council approved the replacement P63 Dynapac Road Roller for the 2023/2024 financial year.

The current P63 Roller was manufactured in 2014 and has 5,800 hours.

The Roller has required some major repairs over the past few years. In 2022/23 we spent \$17,000 on parts and repairs, as well as needing to hire a replacement roller so our roadworks program could be complete.

The Executive Management Team have deliberated the item and the subsequent increase in funds requested. However, after taking into consideration the ongoing repairs required to the current roller, and need for a hire vehicle to complete the adopted roadworks program, it is suggested that although an increase in reserve transfer is required for the purchase of the new roller, a cost saving will be made with regard to a reduced repair and hire bills.

Comment:

As per purchasing policy, for purchases from \$75,001 and up to \$250,000, at least three written quotations are required to be sought. Three suppliers were contacted to provide a quote on a replacement P063 roller;

- Tutt Bryant Group,
- Westrac, and
- CEA Construction Equipment Australia.

The quotes for the suppliers who have responded have been circulated to Councillors under separate confidential cover for consideration as part of this item.

The allocation for new roller as per the 2023/2024 Plant Program was \$140,000, with a budgeted trade in amount of \$30,000, leaving \$110,000 change over costings.

The Works Supervisor has preference to purchase the Bomag Roller from Tutt Bryant Group. It is anticipated that the \$30,000 for the sale of the old P63 Roller is still relevant, so if approved an increase in the Plant Transfer would be required to cover the increased purchase cost.

The preferred roller came in over budget, being \$192,000, which working off the \$30,000 trade in, requires a \$162,000, which is an increase of \$52,000. We do not anticipate use of the \$15,000 allocation for "Miscellaneous Plant" so consideration to use part of this for the \$52,000 short fall could be appropriate.

Local Government (Functions and General) Regulations 1996. Division 2 of the Regulations details in the tender requirements for the provision of goods and services.

Policy Implications:

The Purchasing Policy has been followed.

As per the Shire Purchasing Policy; for purchases from \$75,001 and up to \$250,000, the purchasing requirement is listed below;

Seek at least three (3) written quotations from suitable suppliers by invitation under a formal Request for Quotation in accordance with the Supplier Order of Priority detailed in the prior section.

4.1.1 - Ensure the use of resources is effective, efficient and reported regularly. (e.g. Financial Management)

Financial Implications:

It is recommended that the \$15,000 allocated for "Miscellaneous Plant," and an additional \$37,000 is transferred from the Plant Reserve to cover the additional change over funds for the purchase of the P063 Road Roller.

Background:

Member Councils and the NEWROC has identified the need to improve waste infrastructure and services in the district.

A number of members have either identified the need to expand their current landfill sites or likely to need expansion or a new site in the future, as well as improvements to meet compliance.

Across the NEWROC, landfill sites are unmanned and with 24/7 public access. Some towns provide a general bin pick up whilst others operate a general and recycling bin pick up.

A *Regional Landfill Strategy* was commissioned in 2020. Ask Waste Management completed the report. The NEWROC Council received the report and identified a preferred option going forward, that being option 4: Transfer stations in each Shire and one staffed Regional Landfill. See September 2020 Ordinary Meeting resolution below;

That Council:

1. Except for items 7.2 and 7.7, note and endorse the resolutions of the NEWROC Council meeting held at Dowerin on 25 August 2020;

2. In respect to item 7.2 (NEWROC MOU), authorises the Shire President and CEO to sign and affix the Shire of Koorda Common Seal to the NEWROC MOU for the period July 2020 – June 2023; and

3. In relation to item 7.7 (WASTE), advises the NEWROC Executive Officer that, subject to its consideration of the findings of its own Waste Management consultancy with ASK Waste Management, NEWROC Council's preference for Option 4 being All transfer stations (remote access) plus one staffed landfill - weekly collection, is supported in principle.

**PUT & CARRIED: 6/0
RESOLUTION NO: 030920**

NEWROC members visited the Narembeen Waste Transfer Station in 2021 and requested information from ROEROC regarding their waste governance structure, infrastructure and fee arrangements (five waste transfer sites, one regional landfill).

Tip closure plans have been commissioned for Shires. Some of these plans have been completed. This is a necessary requirement under state legislation, regardless of this project.

Wyalkatchem was identified as a preferred site for a regional landfill and a capacity and site assessment was completed – the *Wyalkatchem Capacity Assessment Report*. The Shire of Wyalkatchem completed a DEWR assessment on the site as well to determine its 'fit' against site criteria and end of life expectancy.

The Shire of Wyalkatchem suggested NEWROC investigate alternative green field sites central to all members for further consideration.

Ask Waste Management completed a *Landfill Site Identification Report* in July 2023, which identified a number of sites that may be suitable for siting a regional landfill that could service the NEWROC region.

The Landfill Site Identification Report was received by the NEWROC Council.

Comment:

To progress the waste project and improve each member Council's waste sites, the NEWROC is considering an application to the Regional Precincts funding. An outline of the funding is summarised below.

Regional Precincts and Partnership Program

- Funding opened in August 2023. Non-competitive process, can apply at any time.
- Objectives:
 - facilitate place-based approaches to planning, characterised by collaborative partnerships,
 - engaging in shared design, stewardship and accountability of planned outcomes,
 - provide targeted benefits related to productivity, equity and resilience for the people of regional, rural or remote Australia,
 - support community priorities for regional cities, rural or remote centres and areas, and
 - reflect the Government's approach to regional investment as outlined under the Regional Investment Framework.
- Outcomes (including but not limited to):
 - demonstrate the value of partnerships between governments, communities and businesses for effective planning, coordination and delivery of regional infrastructure,
 - develop and deliver regional precincts comprised of multiple infrastructure components, which provide benefits related to productivity, equity and resilience, and

- contribute to the Australian Government's current policy priorities, including but not limited to Closing the Gap, transition to a net zero economy, Australia's emission reduction goals, social and affordable housing, and National Cultural Policy.
- *What are Precincts?* User defined, geographic area with specific shared need or theme. They will be located in renewal and growth areas in regional centres, regional corridors, regional cities etc
- Needs to be based on community need and demonstrated partnerships

The NEWROC intend to apply for Stream One: Precinct development and planning. Grants of between \$500,000 to \$5 million will be available for master planning, consultation, design, business cases and partnership establishment (\$500,000 - \$5million).

A summary of the grant and the NEWROC's eligibility against the criteria can be found in the NEWROC October 2023 Council minutes. This is a significant project for member Councils and requires additional planning and community consultation. Should the NEWROC be successful in stream one, the group may proceed to stream two of the Regional Precincts funding for precinct delivery, subject to each member Council's decision.

NEWROC will be required to contribute a cash and in-kind contribution towards the grant application. This will be resourced from the NEWROC, not individual member Councils.

The requested deliverables of the grant will include:

1. An update of the original Business Case
2. Development of a business case for internal waste services (bin pick up and transfer by NEWROC)
3. Community consultation across each of the seven Shires regarding the fees and proposed services
4. Development of a Master Plan for a Regional Waste Site and identification of a location
5. Development of a Master Plan for Waste Transfer Stations in each town (Dowerin, Wyalkatchem, Yelbini, Trayning, Beacon, Bencubbin, Koorda, Nungarin, Mukinbudin)
6. Governance Arrangements for the group
7. Planning approval preparation
8. Presentations to Councils for discussion and consideration

This funding suggestion is being put forward to each member Council to consider due to the limited funding opportunities available for waste infrastructure at an individual level.

The following resolution was passed at the October NEWROC meeting.

NEWROC distribute information relating to the Regional Precincts Funding (for waste management planning purposes) for consideration at each members next Council meeting.
