| Attachment: | Letter from Easifleet |

Background:

Council Policy E3 allows for Incentives for Staff

At the WALGA Local Government Week Conference, staff started talking to Easifleet about novated lease agreements that can be used to assist staff in purchasing a new vehicle at local government prices under a lease agreement with payments being taken direct from their wages under a salary sacrifice scheme.

Comment:

When this was discussed with Easifleet originally, the concern was raised about the possibility of this happening as it was seen as possibly against the Code of Conduct as staffs were gaining a benefit from being employed by the Shire. Staff have contacted WALGA and received confirmation that this sort of scheme is allowed and Easifleet have advised that several Councils are already signed up to the scheme.

A novated lease agreement works by the Employee entering into a lease agreement from Easifleet for the Shire to purchase a vehicle on their behalf whereby the Shire purchases the vehicles on behalf of the staff, but the lease payment is made by the staff member. Therefore there is no cost to the Shire, but the staff member can take advantage of a purchase through the shire at a reduced amount. This can result in a significant savings for the staff member for fleet discounts and savings in GST.

If the staff member leaves, then they must pay out the lease arrangement or make arrangement to continue the payments with Easifleet, but the Shire has no further obligations with regards to the vehicle.

Along with Novated Lease Agreements, staff can also get remote area benefits on some items which can be salary sacrificed. As part of the service, FBT is taken into account with the agreement so that the Shire does not have an increased FBT liability.

The idea of a novated lease agreement is seen as a staff incentive that can be offered for the Shires employees. As such it is recommended that Policy E3 be amended to included clause:

(4) Novated Lease Agreements and Remote Area Benefits – Salary Sacrifice

Staff are eligible to enter into Novated Lease Agreements and Salary Sacrifice Agreements at the discretion of the Chief Executive Officer providing there is no cost to the Shire of Koorda.

Addendum

This item was initially taken to the February Ordinary Meeting of Council, but further information was sought with regards to concerns of the costs coming back to Council in various scenarios. We have received further information from Easifleet (attached) addressing these concerns.

The administration process mentioned in the letter from Easifleet is only a minor concern of making sure that the information from Easifleet and the staff member are managed and noted. As suggested by Easifleet, this is only a minor administrative matter.

| Attachment: | Policy Risk Management Section R |

Background:

Council Policy A15 recommends that the Shire of Koorda Policy Manual is review in the March following and October Election. As we had elections last year, it is now time to review the Policy Manual.

Comment:

Several Policies need some minor changes. These are:

Policy A1 – change meeting time from 3pm to 4.30pm for the February to October Ordinary meetings of Council. Change Works and Building Committee to twice per year in April/May and August/September.

Policies A1, A36, A44m E4, E4a, E8, F1, F2, P5 – Change Deputy Chief Executive Officer to Deputy Chief Executive Officer/Manager of Finance and Administration and DCEO to DCEO/MoFA

Policy A37 – This policy relates to Tidy Towns. To enter in the competition now is a lot larger process and requires complete rubbish plans. It is unlikely that the Shire will be entering this competition in the future, therefore it is recommended to remove this Policy.

Policy R1 and R4 have been completely rewritten to comply with Risk Management processes. The new Policies have been attached for Councillors.

11.8.1 CHANGES TO MANAGEMENT OF RESERVES

Section 5.23 – Applicability

|--------------------------------|---|
| Location: | Shire of Koorda |
| Portfolio: | Governance, Administration and Finance Cr JM Stratford |
| File Reference: | ADM 0147 |
| Disclosure Of Interest: | No interest declared by the CEO |
| Author: | David Burton Chief Executive Officer |
| Signature of CEO |  |
| Attachment: | Letter, Maps of Reserves |

Background:

A request has been received from the Department of Biodiversity, Conservation and Attractions for the consideration of several Reserves near the Koorda Townsite being changed in their vesting orders.

These changes include:

- Increasing the area of Crown Reserve 20237 for Sanitary
- Increasing the area of Crown Reserve for the Koorda town sewerage plant
- Increasing the area of Crown Reserve 20135 for the Koorda Showgrounds
- Changing the area of Crown Reserve 16245 for Conservation of Flora and Fauna

The proposed amendments associated with these reserves are:

- Excision of 11.38ha from un-named nature reserve (A16245) for addition to Reserve 36712 (Shire of Koorda 'Sewage Treatment');
- Excision of about 3.7ha from un-named nature reserve (A16245) for addition to Reserve 20237 (Shire of Koorda 'Sewage Disposal');
- Excision of 1.83ha from un-named nature reserve (A16245) for dedication as Mollerin Rock South Road;
- Excision and sale of 24.28ha from Reserve 30541 (Water and Rivers Commission 'Water and Conservation of Flora and Fauna' to adjacent freehold landowner;
- Creation of a new reserve from part Reserve 30541, being 28.37ha for the purpose of 'Sewage' and a management order issued to the Shire of Koorda;
- Addition of part Reserve 30541, being 205.16ha to un-named nature reserve (A16245)
- Addition of part Reserve 30541, being 4.76ha to Reserve 20135 (Shire of Koorda 'Showgrounds');

The Attached maps show the areas that are to be changed.

Comment:

The Shire was approached in about 2004 with regards to this matter and it was considered and agreed to by the Shire, however there have been several difficulties in finalizing the changes and as such, the Shire has been approached again to confirm its position on the Reserves.

Reserve 20237

Reserve 20237 is the current Rubbish and Sanitary Reserve. It was discovered when we were completing the rehabilitation report on the old site that it did actually extend into the area which has been marked for inclusion, however this would have been a long time ago. The increasing of the Reserve area would encompass the entire area that was used as a tip which the Shire is responsible for anyhow.

Koorda Sewerage Plant

While it is unlikely that the Koorda Sewerage Plant will increase in size beyond what infrastructure is currently in place (unless there is a dramatic increase in the number of houses in town), the idea of increasing the Reserve will allow for the storm water dams to be included in the area and give the Shire full access to the Reserves

Reserve 20135

Reserve 20135 is the Koorda Show Ground Reserve for our sporting facilities and the catchment area for the storm water catchment that feeds the town dams and provides water for the oval. Once again, as the main function of this area is to provide water for the oval, it does seem logical for it to be under the control of the Shire as part of the Show Grounds.

The Areas will still be considered as “A” Class Reserves, which means that they cannot be cleared without approval, but it will make it easier for the Shire to control the areas where our facilities are located.

Recreation Ground Meeting

The Recreation Ground information session was attended by approximately 35 people. Of the group, 16 indicated that they would be willing to go ahead with the full project should the funding be received. There was also an indication from 5 people that they did not want the project to go ahead at all.

It should be remembered that the show of hands is only an indication of the people who attended which was only a small portion of the general public.

Once the outcome of the BBRF is know, an item will come back to Council for the project and the next steps.

GAZEBO – Aged Units

I spoke with Mrs. Henning to get an indication of what they wanted for the gazebo. The indication was for something similar to what is at Wongan Hills aged accommodation, but this will be far beyond what we have been planning.

I will have to get back to the group for something more within our budget.
